

ELTS Writing Task 1 Sample 2

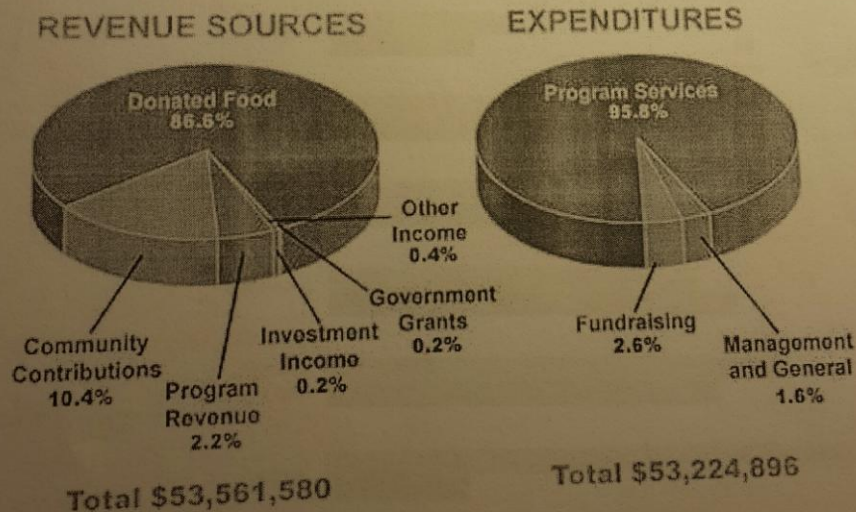

You should spend about 20 minutes on this task.

The pie chart shows the amount of money that a children's charity located in Canada spent and received in one year.

Summarize the information by selecting and reporting the main features and make comparisons where relevant.

Write at least 150 words.

Revenue Sources and Expenditures of a Canadian Charity in one year.

The two pie charts show how much that a children's charity in Canada spent and received in a year. It's seem that they used nearly all of the income to process their work.

The first chart contains total \$53,561,580 of the income. It's most noticeable that most of the revenue source is from the community, about 86,6% of donated food and 10,6% from community contributions. The next large figure is the program revenue, about 2,2%. Finally, the last tiny revenue resource are investment income, government grants and other income, total's less than 1 %.

The second chart shows the fact, of course, that the biggest slice of expenditures is for program service, nearly 96%. After that is the .. fundraising, has the amount of 2,6%. And the tiniest amount

is management and general. The total of how much the children's charity spend is 53224896\$. .

Revised

The two pie charts show how much ~~that~~ a children's charity in Canada spent and recived in a year. It's seem that they used nearly all of their ~~ir~~ income to process their work.

The ~~_~~first chart contains ~~a~~ total ~~of~~ 53561580\$ of ~~the~~ income. It's most noticable that most of the revenue source is from the ~~com~~community, about 86,6% ~~of-is~~donated food and 10,6% ~~comes~~ from ~~com~~community contributions. The next largest ~~st~~ figure is the program revenue, about 2,2%. Finally, the last tiny revenue resource are investment income, goverment grants and other income, total's less than 1 %.

The second chart shows the fact, of course, that the biggest slice of expenditures is for program service, nearly 96%. After that ~~is the~~ ~~is~~ fundraising, ~~which~~ has the amount of 2,6% ~~, and- And~~ the tiniest amount is management and general. The total of how much the children's charity spend is 53224896\$. .

A little short at 145 words, but well organized. Very good that you grouped donated food and community contribution under 'community.' Note your overall sentence could be clearer. "Process their work" includes both program services and operating expenses (management and general). Notice that leaves approximately 'unaccounted for.' For a pie chart, try to use phrases like 'accounted for' or 'make up.'
