

WRITING TASK 1

You should spend about 20 minutes on this task.

The table below shows the worldwide market share of the mobile phone market for manufacturers in the years 2005 and 2006.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Company	2005 % Market Share	2006 % Market Share
Nokia	32.5	35
Motorola	17.7	21.1
Samsung	12.7	11.8
Sony Ericsson	6.3	7.4
L.G.	6.7	6.3
BenQ Mobile	4.9	2.4
Others	19.2	16.2
TOTAL	100.0	100.0

The table indicates the proportion in the market of different cell phone suppliers in 2005 and 2006. Overall, in two years there are many changes in the percentage of each suppliers, some of them show increase while the others show a drop.

Nokia, Motorola and Samsung are the three biggest suppliers in the world, they provide more than 60% of mobile phones in the world. In 2005, Nokia accounted for just under one third and there was a slight increase in the percentage of Nokia in 2006; the specific proportion was 35%. The second biggest cell phone provider in the world was Motorola, they supply 17.7% in 2005 and 21.1% in 2006. Samsung was the third largest phone provider in the world, account for 12.7% in 2005 and 11.8% in 2006. Other companies had minor percentages, the percentage of market share of Sony Ericsson was 6.3% (2005) and 7.4% (2006), the proportion of LG was 6.7% (2005) and 6.3% (2006), and the others' percentage is inconsiderable in comparison with the three biggest.

In conclusion, over two years, there are three manufacturers that dominated the phone market in the world.

Revised

The table indicates the proportion in the market of different cell phone suppliers in 2005 and 2006. Overall, in two years there ~~are~~ were many changes in the percentage of each suppliers, with some of them showing ~~the~~ an increase while the others showed a drop.

Nokia, Motorola and Samsung ~~are~~ were the three biggest suppliers in the world and, they provided more than 60% of the mobile phones in the world. In 2005, Nokia accounted for just under one third and there was a slight increase in the percentage of Nokia in 2006; the specific proportion was 35%. The second biggest cell phone provider in the world was Motorola, ~~they~~ which ~~supply~~ supplied 17.7% in 2005 and 21.1% in 2006.
