

Write a report describing the changes that took place in the resort town of Templeton between 1990 and 2005.

The maps show the development that took part in the coastal town resort of Templeton with many changes from rural town to be more industrial.

In 1990, there were not so many transports heading to the town, but in 2005, there were some extra ways to come to the town like ferry and air. Furthermore, even the railway was ungraded, running across the town along the coast.

In the west of the town, many trees were removed and replaced by a huge supermarket and many apartment blocks. Otherwise, there was no tree left in the rest of the town. A factory was constructed in the SE of the town also with a ferry. As the result of the raised factory, all the trees and facilities in the SE of the town were completely destroyed.

On the other hand, there were some public constructions still existed over the period from 1990 to 2005 such as school, hospital and parking place.

In conclusion, over fifteen years, the town of Templeton had many changes to be a modern town.

Revised

The maps show the development that took ~~part place~~ in the coastal town resort of Templeton. ~~There were with~~ many changes, which moved the town from rural ~~town to be more to~~ industrial.

In 1990, there were not so many forms of transports heading in to the town, but ~~in by~~ 2005, there were some extra ways to come to the town like the ferry and the airport. Furthermore, even the railway was ~~ungraded~~ upgraded, running across the town along the coast.

In the west of the town, many trees were removed and replaced by a huge supermarket and many apartment blocks. Otherwise, there was no trees left in the rest of the town. A factory was constructed in the SE of the town ~~also along~~ with a ferry. As ~~the a~~ result of the raised factory, all the trees and facilities in the SE of the town were completely destroyed.

On the other hand, there were some public constructions that still existed over the period from 1990 to 2005 such as the school, hospital and parking place.

In conclusion, over fifteen years, the town of Templeton ~~had experienced~~ many changes to be a modern town.

Good job. Nice length and all the details are described. Note that it is probably better to keep your "This map shows" sentence separate from your "overall" one. Good organization too: Differences and then similarites.
